# COLLEAGUE MODULE

eLearning is a great way to enable sustainable, on-demand learning for your workforce. The courses are interactive, with summary key messages and tests to check learning.

Our Colleague eLearning is available in both Global and UK versions and can be accessed as a single 30-minute course or as three separate 10-minute modules.

## COLLEAGUE MODULE: 20-30 MIN INTERACTIVE COURSE

- **Module 1** - Menopause: The facts
- **Module 2** - Managing menopause
- **Module 3** - Getting the right support
- **PLUS**: a bonus Menopause in minutes video that can be uploaded onto your intranet as part of your digital package

## We offer a range of eLearning branding options:

- **Option 1:** Off-the shelf eLearning module in Henpicked branding
- **Option 2:** Henpicked branding with two customisable slides on your Business Statement and Internal Signposting.
- **Option 3:** Your brand colours and logo with two customisable slides on your Business Statement and Internal Signposting.
- **Option 4:** eLearning module with your brand colours, logo and option to change text and images within the design framework of the module.
- **Option 5:** Fully bespoke

*Licensed for unlimited usage within your organisation, supplied as SCORM 1.2 standard and tested on SCORM Cloud. An existing Learning Management System is required for eLearning. Technical support prior to and during installation is available as standard practice.*

"The eLearning created the perfect platform for talking about menopause to our colleagues. By using Henpicked we were confident that our training was created by the industry leaders and was of the highest standard."

**CAROLINE MILLIKEN, L&D PARTNER AND PROGRAMME MANAGER AT SPECSAVERS**

# MANAGER MODULE

eLearning is a great way to enable sustainable, on-demand learning for your workforce. The courses are interactive, with summary key messages and tests to check learning.
